TELEGRAPHIC.

EUROPE.

The general election at Queensland favors the Government.

New Zealand advices are to the 9th of July. A heavy gale caused several wrecks.

PARIS, August 18.—According to an invitation from the Emperor, Mc Cormick's reaping machine gave a private exhibition at the imperial farm at Chalons. The trial was a complete success and gave much satisfaction to the Emperor, who immediately purchased the machines and expressed his intention to encourage the adoption of the invention throughout France, and would set the example by putting it in operation on all the Imperial farms. Such distinguished attention has been shown to no other foreign exhibitor, and it is considered certain that McCormick will be awarded the highest honors of the Exposition.

CALIFORNIA.

SAN FRANCISCO, August 22.—Private telegrams quote gold in New York today noon, at 141½ and sterling 109½.

Legal tenders are a trifle firmer; brokers buying at 71¼ and selling at 73¼.

Flour—superfine hf sks per 196lbs, $5@6.25; qr sks, $5,25@5,50; extra hf sks $6@6,22; qr sks $6,25@6,50.

Wheat—good to choice $1,75@1,80 per 100lbs.

Barley—market firm $1,85@1,90.

Oats—$1,50@1,75.

Provisions—California smoked bacon sells at 14½@15; Oregon do. 13½@14

California Hams are scarce and firm at 21@22; no Oregon hams in the market.

California lard, 12½@13 per lb.

Wool—sales since last Wednesday include 28,000lbs., medium California grades, 13@17c. per lb.

Hides—very choice dry, find ready sale at 15c.

EASTERN STATES.

WASHINGTON, Aug. 18.—Politicians continue to urge changes in the Cabinet, as they have done ever since Johnson's ascension, but there is now no prospect of any further change. The relations of the President and his cabinet are of a most friendly character.

NEW YORK, Aug. 15.—The Pacific Mail Company have, through Seward, tendered the Russian Commissioners a free passage to San Francisco.

Advices from Hayti to the 24th say the revolution in favor of Geffrard has failed. One of the leaders committed suicide upon being defeated, and another was captured. The Government has taken steps to establish an Exchange and Chamber of Commerce at each point of the republic now open. The coffee crop will probably be largest ever known in Hayti.

Aug. 17.—The *Herald* says Jeff Davis expresses the opinion that the result of the election in Tennessee will probably inaugurate a war of races. It is believed that no other course is left for the whites in that State but to discharge the Radical blacks from employment.

Rousseau only takes two or three officers from the Atlantic Coast to Alaska. A small force will accompany him from the Pacific Coast.

Young Bennett has sold the yacht Henrietta for $50,000.

The Fenian President Roberts has arrived.

The New York *Standard* says the Northern Pacific whaling fleet this season is 102 vessels, of which 19 are expected to recruit at San Francisco, and 83 at Honolulu.

ST. LOUIS, Aug. 14.—About a dozen of prominent citizens of St. Louis have been arrested for burning the bridge of the Hannibal and St. Joseph Railroad in 1861, with a design of throwing off a train of Federal troops. The train went through the bridge and killed twelve persons. It is said that writs are out for 40 other citizens. The information was given by a man in jail for larceny.

NASHVILLE, Aug. 15. — Brownlow publishes a letter denying the assertion that he favored enfranchising all persons in that State of lawful age, and says that he is more than ever opposed to enfranchising rebels.

GALVESTON, Aug. 15. — Monterey dates say that Canales has revolted and attempted to capture the specie, but failed, and is now marching on Matamoras.

Sickles has approved of the court-martial sentencing a steamboat captain to pay a fine of $25 for refusing passage to a colored woman.

NEW ORLEANS, August 15.—The registration of Louisiana shows the blacks to be eighty-two thousand, and the whites forty-four thousand in round numbers.

August 18.—At a pic-nic near Vicksburg, on Thursday, poison was put in the refreshments by persons unknown. Five whites and three blacks died. Several more are not expected to recover.

Judge Scott has written a card explaining his transaction with Conover and denying absolutely that he was ever connected with the alleged conspiracy.

The *World's* special says: General Grant urged the President to dismiss the entire Cabinet. Grant is known to be particularly hostile to Seward, regarding him as too adroit and dangerous.

WILMINGTON, Aug. 20.—The *Journal* learns that Marshal Goodman, acting under instructions from Washington, has ordered the deputy U. S. Marshal to execute the process of the Circuit Court of the United States, heretofore stopped by order of the Military, with instructions to forward home any officer interfering, that he may be prosecuted under the criminal law. Colonel Frank, Post Commandant, again interfered to prevent the execution of the process, as in conflict with Sickles' order from Washington.

BOSTON, Aug. 18.—Serious troubles have arisen at Chicopee over the enforcement of the prohibitory law. The operatives determined that whiskey should not be seized and obstructed. Deputy Bliss' residence in the town had been set on fire. Deputy Chapin sent for reinforcements, which were sent on Saturday, thus outwitting the operatives. When the seizure became known the excitement was intense. As many visible demonstrations were manifest, the officers telegraphed for more reinforcements. Twenty-five well armed regulars were sent as a reinforcement on Saturday evening. The operatives made a demonstration A riot is anticipated to-night.

NARROW ESCAPE OF NAPOLEON III. —A French paper publishes the following under the head of "A revelation":—"Now that the Czar has left for his own dominions, carrying with him an opinion of France and the French which ulterior events will no doubt strengthen, and leaving with us as a token of frendship and alliance the remembrance of the peril he had run whilst our visitor, we can inform the country of an hitherto unknown circumstance, which the Emperor, with a delicacy worthy of himself, has until now wished to cover with a discreet silence. One of the bullets destined for Alexander II. has struck Napoleon III., and it is little short of a miracle that the life of our sovereign has been saved. Instead of an incised wound, the bullet only made a deep contusion directly over the heart! We have this fact from a most reliable source. The Emperor did not wish the Czar to know, while in France, that the blow aimed at his life had wounded another breast. This wish of the Emperor's imposed a reserve on the Press which it has faithfully kept, but which, now that the august visitor has departed, disappears."

AYER'S
Sarsaparilla
FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:
Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.
J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours,
ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla; and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the *uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.
DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.
Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.
DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,
FOR THE RAPID CURE OF
Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

The British Columbian.

SATURDAY, AUGUST 31, 1867.

It is told that a patriotic Yankee, congratulating an Irishman upon his coming to live under a "free Government," was answered. "'Tis myself that's agin the Government anyhow." The simple political faith of this native of the Emerald Isle appears to have been adopted unconditionally by the Press of Victoria. Since the inauguration of the "Fourth Estate" in that city three Governors have been brayed upon the touch-stone of its judgement, and no word of commendation for any act of any one of them appeared in the columns of that Press; nor can one of their Excellencies claim what probably each might esteem the greater honor of being more "slanged" than his predecessor. It is true that Mr. Seymour was praised while Mr. Kennedy held the reins of government, and the *Colonist* was brim-full of hopes and anticipations of the happy time coming when the former would rule Vancouver Island. But scarcely had Mr. Seymour been installed as Governor of the United Colony when from being the object of the *Colonist's* adoration he became the object of its strongest and choicest billingsgate. The Victoria Press seems determined persistently to stick to the "onts". It has been said that the Victoria editors are all "levellers," and that the people are such a discontented lot that they would patronize no paper unless filled with the frothy balderdash of sham patriotism. That can hardly be the case, however; for the majority of the citizens of that town are thinking men, who can distinguish a sincere desire to do the country good, from the pretentious bunkum of stump oratory, or the false, selfish, soulless, unscrupulous intrigues of the Hudson Bay land-grabbers. It is possible that the *Colonist's* first burst of patriotism was a little filibusterism on British soil, and since then it has found its interest in the congenial work of advocating the removal of a present Governor, with a view to the restoration of a former one. It is known that the hangers-on of the former Government look forward to its restoration as hopefully as the Jews still look forward for the coming of the Messiah. It is known that the day the former Government was so reluctantly ousted from power was the date of the beginning of intrigues for their restoration. Before Governor Kennedy's arrival busy gossiping gentlemen went about canvassing his character and antecedents in no flattering style, and making evil foreboding guesses on his future policy. His tenure of office was hampered with factious opposition, and impediments were purposely and perpetually thrown in the way of public business. His departure was hailed with joy and accompanied with coarse insult. Was Mr. Kennedy really so astoundingly bad as to deserve such treatment, or call forth such demonstrations? We think not. It was the mere display of a clique who intrigued for his removal, and when that was accomplished, exulted in past victory and the hope that they would be equally successful with the next, and bring back again the miserable days of sectional distinctions and one-sided policy. Then came Mr. Seymour's turn. The blood-hounds watched for a favorable point of attack. Nor did they have long to wait. The Bute Inlet massacre startled the colonists. Designing tricksters urged on an aged and deluded gentleman in the crazy scheme of building a road to the moon! The sole object of the scheme was to unsettle the public mind to the injury of this place and this route. It *did* injure both. Intending settlers turned away; investment-seeking capital was rolled back. But it did more. The men employed at Bute Inlet, the point from which the phantom road was to leave the seaboard, were set upon and massacred by the Indians, whether in revenge for real wrongs or in wanton savagery eternity alone will fully tell. Mr. Seymour's promptness in organizing a party and pursuing the murderers was speciously praised. He was urged by the public and the press to go forward utterly regardless of expense, and we believe he was unsuspicious enough to take advice from those who were most anxious for his failure! Since then there has been nothing but sneers at the expedition, growls at the expense and even attempts have been made to raise a laugh at the British pluck which impelled his Excellency to share the hardships of the expedition. Since then abuse has been heaped upon abuse. A collision between two Victoria rowdies becomes riot or rebellion. The departure of a peripatetic apple-vendor or hot-pie man calls down wrath for the loss of "a merchant-prince, driven from the great emporium of the Pacific," by some undescribed or indescribable defect in the present Administration. Now the yelping intensifies because the object of their vituperative malevolence did not, without any preliminary steps, *and in direct opposition to the advice of his Executive*, march an army into the interior to settle such a claim-jumping dispute as occurs almost every day in any other mining country. We have read of countries where bailiffs were made to eat their writs; nor was the change of diet of a sheriff's officer made a *casus de guerre*. Even the early history of this colony has been distinguished by a Hill's Bar war! And who that was here at the time does not look back to that as a piece of ludicrous and unmitigated clap-trap? Notwithstanding all the fuss, magniloquent dispatches, and Donald Fraser's glowing letters, we confess that we can never think of that affair but as a farce, played chiefly for the benefit of a few cute ones. The law in this colony should be firmly enforced. Hitherto the present Government has not failed to do so. If, in the Grouse creek affair, there has appeared to be a degree of tardiness and indecision on the part of the Government, one need not look far for a cause. With the bill of costs of the Chilicoten expedition—amounting to something like *eighty thousand dollars*—still fresh in his memory, with an empty treasury (thanks again to Victoria plunderers) staring him in the face, it is scarcely to be wondered at that His Excellency should hesitate about marching an army of Blue-jackets up to Cariboo and marching them down again, and all upon *jaw-bone*! Why the *Colonist* man would be the very first to abuse His Excellency for involving the colony in such an expenditure.

STEAMBOAT COLLISION.—On Wednesday night, as the Alexandra was going out, the Fly struck her in the larboard quarter. The Alexandra, suddenly changing her course in order to avoid so pugnacious an animal, ran into the plank roadway below Douglas street. Both steamers soon reached their wharves, and from the sound of the workman's hammer during the night we presume the Fly got the worst of it. She left for Victoria early next morning.

AN AGREEABLE CHANGE.—The weather, which had been oppressively hot for eight or ten days, the mercury rising as high as 90 in the shade, underwent a most agreeable change on Thursday. Enough of rain fell to lay the dust and make nature look fresh and green again.

A VICTORIA SKEDADLER.—A person of the name of Schlessinger has recently committed several forgeries and has betaken himself to the "land of liberty." The Governor has issued a requisition for his arrest under the Ashburton Treaty.

ANOTHER LUMBER SHIP.—The Brig Josephine Marie sailed from Victoria on Thursday for Messrs S. P. Moody & co's mills, Burrard Inlet, where she will take in a cargo of lumber for Callao.

SATURDAY, AUGUST 31, 1867.

A DASTARDLY INUENDO.

Two or three weeks ago the first of a series of letters appeared in the *Colonist*, purporting to be written from this city by one who had left Victoria to take up his residence here, and who adopted the by no means inappropriate *nom de plume* of "Bilk." In our issue of Saturday appeared a letter purporting to be written from Victoria, and evidently intended as a counterpoise to "Bilk's" maudlin slanders, alluding to him as one "who has lately taken up his residence at New Westminster for business purposes." It would appear that a certain gentleman has thought proper to conceive himself the party thus indicated, and has selected an obscure print, which shall be nameless, as the medium through which to vindicate himself against the constructive charge. That print takes up the matter with its usual ability, and handles it in that choice billingsgate style so peculiar to illinformed and illintentioned minds. Not only has it the presumption to lecture us for admitting into our columns "a letter so calculated to do damage to the new resident's business career," but it intimates that the cause for our conduct may be found in the fact that the gentleman in question has a business card in its columns which does not appear in our own! and adds:—"For the sake of the "dignity of the press, and being unwilling to pronounce our contemporary a literary highwayman and blackmailer, we would like to be able to answer—No! but being in possession of certain facts, and having claims to conscientiousness! we reserve our opinion." In the first place, we are at a loss to understand upon what ground the *protege* of the obscure print aforesaid rushed to the conclusion that our correspondent pointed at him. Are there not others to whom the descriptive words would apply? Or must we account for his conduct on the principle recognized in that scripture which saith "the guilty flee when no man pursueth"? In the second place we take this opportunity of most distinctly stating that we are ignorant to the present moment as to who our correspondent has "spotted" as "Bilk"; nor were we aware that suspicion was directed to the exclusive patron of the little print until subsequent to the publication of the letter, a week ago. In the third place, we have to say that, assuming for the sake of argument that we are liable to be influenced by the miserable, mercenary motives imputed to us, in the conduct of this journal, and assuming that the letter pointed to the gentleman in question as "Bilk," all the circumstances of the case would have induced us at that particular time to decline publishing the communication, because the gentleman referred to was then under promise to insert an advertisement in this journal in a few days. In the fourth place, it would indeed appear unnecessary for us to assure a community already cognizant of the considerable pecuniary sacrifice we have made for the sake of political principles, that the mere insertion of a paltry business card in other columns than our own would not exert so potent an influence over our journalistic policy as to decide us in admitting or excluding a communication. The *small* mind of a *small* individual, publishing a *small* paper enjoying a *small* circulation, with a *small* amount of "living" advertisements, might possibly be the subject of influences so paltry and contemptible; but for ourselves we imagine that, in this community at least, we shall be adjudged to be above them. In the fifth place, the man who is capable of judging so uncharitably of his neighbour and, without the slightest proof, denouncing him as "a highwayman and blackmailer" must himself be formed of base material—the concentrated essence of all that is hateful and despicable. "Who drives fat oxen should himself be fat." In his despicable attempt to measure us by his own standard the miserable caitiff has only exposed his own vileness and forfeited all claim to our notice and respect. In the sixth and last place, we have to say to him, *Vale—putes.*

FROM CARIBOO.

The str. Lillooet, Capt. Fleming, arrived from Yale last evening, bringing freight and passengers, and a Cariboo express and mail. We have files of the *Sentinel* to the 19th inst., from which we glean the following condensed summary of news:—

MINING INTELLIGENCE.

Mining operations on Williams Creek had been retarded for want of water, that is the Creek having gone down very much in the last eight or ten days. The following will show the weeks yield of a few of the claims:—McLaren Co. 117oz.; Dutch Bill Co. 50oz.; Davis Co. 80oz; Prairie Flower Co (for two days) 35oz.; The Aurora Co. washed from twenty-four hours work 526oz. and again on the 18th 540oz., the total for the week being ONE THOUSAND ONE HUNDRED AND TWENTY-EIGHT OUNCES!

On Stouts Gulch the Alturas Co. washed up for the week 122oz.

A new gulch, called Eureka Gulch, which empties into Williams Creek, a short distance below Cameronton, has been staked off within the last few days, in consequence of the prospects obtained by a company near its mouth who washed up four ounces of coarse gold out of the bottom of their shaft, thirty feet deep.

On Musquito Gulch the Minnehaha Co. had bottomed their shaft and obtained excellent prospects. Jeffrie Co. took out 24oz. for the week.

On Lowhee Creek the Kelly Patch Co. took out 225oz. for the week.

On Grouse Creek a great amount of prospecting is going on with the most favorable indications. The Heron Co declared $90, to the share for the week. The Carolina Co. are taking out big pay. They washed 75oz. on the 15th The Ne'er do Weel is paying richly, washing up 60oz. on the 15th.

On Nelson Creek the Montgomery Co. consisting of 3 men, have taken out up to the 18th $6,000.

MISCELLANEOUS NEWS:

Mr. Legh Harnett has written from Cedar Creek postponing the time for delivering his lecture at Barkerville. Being thoroughly impressed with the importance of that Creek he wished to remain on it a few days longer.

The fourth deposit of $200 a side in the P.R. matter had been made. The fifth and last would be made on the 24th.

A packer named F. Duvernois had skedaddled, leaving considerable debt.

The Washburn Co. on Canyon Creek have decided to sink their shaft by tender.

The Court of assize, appointed for the 19th, had been adjourned till the 9th September, in consequence of the total absence of cases.

A man named W. Williams had been committed to stand his trial for stealing gold dust from the Hibernia Co. Through the supineness of the keeper he escaped from jail. The keeper was discharged in consequence, and Mr. Geo. Byrnes appointed in his stead.

The Grouse Creek Flume Co. and the Canadian Co. were again in the Commissioner's Court, on a motion by the latter to set aside the Injunction issued at the instance of the former. The case was heard at considerable length and finally dismissed. The Commissioner decided that Mr. Spalding's decision placed the Flume Co. in possession, and the case was dismissed with costs.

LATER FROM CARIBOO.

We have private advices from Williams Creek to the 21st inst. The feeling in both mining and commercial circles had become much more buoyant. New diggings—good "poor-man's diggings—were almost daily reported on outside Creeks, and no idle men were to be seen. The stoppage of the Bed-rock drain, once viewed as the calamity of the season, is now considered a boon, as it drove large numbers of men into prospecting, who would otherwise have hung about Williams Creek, and the diggings have thereby been greatly extended. The action of the Government in the Grouse Creek affair is said to have caused a feeling of great insecurity.

FOR YALE.—The steamers Onward and Lillooet both left for Yale on Thursday morning, carrying freight and passengers.

A RED-SKIN BURGLARY.—On Tuesday night two Indians effected an entrance into the Grocery and Dry-goods establishment of Messrs. Cunningham Bros. of this city, by means of the back window. Doffing their own garments and donning a new suit apiece, they possessed themselves of the contents of the till, consisting of a quantity of foreign coin, and, turning the key in the front door, walked off, leaving their old clothes behind. So quietly was all this performed that although the Clerk was sleeping in the store he was utterly unconscious of the presence of two customers. The cast-away garments have fortunately led to the identification of the rascals, part of a package of corn starch, given to one of them the same day by a lady, in response to his pitiful story about a sick child, being found in the pocket of one of the coats. The Indians belong to the Squamish tribe. They were followed to the Inlet, but perceiving that they were pursued, they betook themselves to the forest. There is little doubt but they will be eventually captured and brought to justice. One of them is no stranger to the Governor of the Prison.

MURDER.—As the downward stage passed McLean's old place on the Bonaparte the passengers were informed that a murder had been committed under the following circumstances:—A Frenchman named Cabot, formerly a baker at Lillooet, had left Savana's Ferry, *en route*, by the Hat Creek trail, to Lillooet. The same evening the horse which he rode (a borrowed one) was ridden into the Ferry by an Indian. The owner of the horse, on examination, found a bullet wound in the animal's flank, which gave rise to suspicion and search. The body of Cabot was found on the Hat Creek trail, two miles from McLeans, and the Indian, together with another from whom he professed to have purchased the horse, were taken in charge and were lying bound at Ashcroft, awaiting Mr. Cornwall's arrival. Cabot had only a few traps that he was peddling and was evidently killed for plunder.

ANOTHER EDUCATIONAL FRACAS.—George Columbia has been writing to the Governor, denouncing the present free school system of the Island as expensive, inefficient, unfair and irreligious. He says that of 700 children only 250 attend the free schools, and complains that the manner of permitting religious instruction amounts to a virtual denial of it. The *Colonist* a paper which has been for some time coquetting with Anglicanism, is out upon his Lordship of Columbia for daring to find fault with the admirable system. The *Colonist's* figures certainly bear heavily against the prelate.

THE CARIBOO CONSTABULARY.—We mentioned a rumor on Wednesday to the effect that the hon. Mr. Brew was about to be sent to Cariboo with five special Constables. That rumor turns out to be in part correct. Mr. Brew does not go to Cariboo, but has been instructed to send up an addition of five men to the existing Constabulary force in that district. The following are the five new Constables:—Messrs. Green, Howman, Brown, Cox, and Lindsay. These men were sworn in before the hon. Mr. Brew on Thursday, and will start for their destination by the next steamer. They will be armed with rifles and revolvers, and their pay will be $1000 a year.

"THY NAME AND PURPOSE, SAXON, STAND!"—Although in wending their way down Columbia street, they may not be challenged in the manner as above, people cannot fail to *Stand* and admire the large and choice selection of Goods displayed at the store of J. S. Clute, and few fail to purchase after examination, and if once they purchase there they purchase ever.

A DOLLAR SAVED IS A DOLLAR GAINED.—We would direct the attention of our readers, particularly those in the interior, to the advertisement of Mr. Withrow, of this city. "We are in a position" to state that parties on the mainland in want of anything in his line will save freight across the Gulf by purchasing from him.

FROM LANGLEY.—The str. Alexandra went up to Langley on Wednesday returning yesterday with 120 barrels of salmon.

ONCE A WEEK.—The str. Alexandra will only make one trip a week between this place and Victoria. She will come up on Tuesday or Wednesday and wait here for the return of the up-river steamers. This arrangement is only intended to continue till the Enterprise is ready for the route which will be in about four weeks.

A CONVICT.—The Indian who was concerned in the murder of Morgan, and who gave evidence against the one that was executed on the 8th, was brought down in irons yesterday, having been tried at Cariboo and sentenced to a long term of imprisonment for having drawn a knife on a Constable a year ago.

A GOOD INDICATION.—Numerous small lots of gold from outside creeks were being offered at the banks on Williams Creek, the first fruits of the extensive prospecting going on for some time.

FROM YALE.—The Onward, Capt. Irving, came in from Yale last night with a few passengers. She will go up again this morning having a full freight.

BIG STRIKE.—On the day Barnard's Express left the Creek, the Aurora Co. struck dirt from which they took SIXTY OUNCES TO THE PAN!

TREASURE.—The Lillooet brought down $30,000 in treasure last evening.

FOR VICTORIA.—The str. Alexandria sailed for Victoria at 3 o'clock this morning.

FAITHFUL MINISTERS OF HEALTH.—In examining the vessels at the various wharves we find among the curiosities of our commerce the brig Miranda, just in from Truxillo with a cargo of Honduras Sarsaparilla for Dr. J. C. Ayer & Co., of Lowell. So particular are this firm as to the articles used in compounding their various remedies, that they have this drug, like some others they consume, gathered for them by a skilful agent of their own in the tropical regions of its growth. He informs us that there are many species of this plant, but two of which are really valuable in medicine; the qualities of these are also affected by the time of gathering, mode of curing, etc., operations which in that region of unreliable workmen impose a heavy labor upon him. One of the inert varieties of Sarsaparilla grows wild in our own forests, while several others, nearly worthless, abound in Central and South America. The intelligent agent assures us that the virtues of this drug have never been fully told, and that the reason of the low esteem in which many hold it is mainly due to the importation of such immense quantities of the worthless varieties. His accounts of his trips to Honduras and his business excursions along the Gulf of Dulce and the rivers of Montagua and Santiago and among the adjacent mountains were of intense interest. We can but commend and honor his employers for the faithfulness and energy with which they executed their trust as ministers to the public health, and we suspect that this course is at least one of the reasons why their medicines are held in such extraordinary favor throughout the civilized world.—*New York City News.*

CURE IS AT HAND!

HOLLOWAY'S OINTMENT

Scorbutic Eruptions, as Sore Heads and Scrofulous Swellings.

If this powerful Ointment be well rubbed into the parts affected, all skin disease will be speedily overcome. It acts not by repression, but repulsion. It enters the system as salt enters meat, and operates not locally only, but constitutionally purifying the whole system, neutralizing all depraved humours, and affecting a radical and complete cure. The Pills should be taken as an auxiliary to the Ointment, as they are so prepared as to act in unison with it, facilitating and confirming the conquest of the disease.

Diptheria, Ulcerated Sore Throat and Quinsey.

The above complaints have for twenty years been treated with Holloway's Ointment and Pills with complete success. The cures have been so remarkalbe, speedy and numerous, that these often fatal diseases are more easily cured by these medicines, than even the common sore throat, if taken in time.

The Kidneys, Stone and Gravel.

In these complaints, the Ointment almost acts like a charm, providing it is very effectually rubbed over the regions of the kidneys, which it will penetrate and give almost immediate relief, while the Pills should be taken according to the printed directions, when the most extraordinary cures may be effected by this means.

Bad Legs, Bad Breasts, Scrofulous Sores, and Glandular Swellings.

In such cases the Ointment operates surely and with a rapidity that resembles magic. It should be rubbed into the parts affected, after they have been fomented with lukewarm water. The purifying and curative powers of this marvellous unguent have never failed. Any old sore, wound or ulcer always yields to its influence, and in cases of bad breasts, or milk fevers, its action is wonderful. Glandular swellings may soon be reduced by following the printed directions.

The Action of the Heart. Dropsy.

The last named disease is commonly preceded by irregular action of the heart, and difficult respiration; which symptoms are always severe, and ever go from bad to worse, unless proper means of cure are resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the application of this famous Ointment, invariably results in a cure. They act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

Gout and Rheumatism.

May be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts, and this perseveringly done for some time. It is no use to smear it on the skin only, it must be got into the system. Take as many Pills nightly as will act two or three times during the 24-hours; eschew the use of coffee, and all stimulants. When these complaints are leaving the system, the virulence of the complaint frequently seems to increase.

Indiscretion of Youth.

Sores, ulcers and swellings can with certainty be cured if this Ointment be thoroughly rubbed all round the complaining parts twice or thrice a day, keeping them covered with linen rag spread with the same.

The Pills must be taken according to the printed directions. The blood being in an impure state, perseverance is necessary. From humane motives letters of advice will be answered gratuitously. To save carriage the Pills should be obtained in the neighborhood of the sufferer, and not from Holloway's Establishment.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Chapped hands,	Scalds,
Bad Breasts,	Contracted and Stiff Joints,	Sore Nipples,
Burns,		Sore-throats,
Bunions,	Elephantiasis,	Skin-diseases,
Bite of Mosquitoes and Sand-flies,	Fistulas,	Scurvy,
	Gout,	Sore-heads,

AYER'S CATHARTIC PILLS.

ARE you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering & disease. While in this condition, oppressed by the derangements take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,

Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR, Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,

Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse the stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

"Jes' so!"—"Exactly!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night, he took Plantation Bitters; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS

Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,

LIVER COMPLAINT AND DYSPEPSIA.

After a long research, we are able to present the most present the most remarkable cure for these horrid nightmare diseases, the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

Barnes' Magnolia Water.

A toilet delight! The ladies' treasure and gentlemens' boon! The "sweetest thing" and largest quantity. Manufactured from the rich Southern Magnolia. Used for bathing the face and person, and to render the skin soft and fresh, to prevent eruptions, and to perfume clothing, &c.

It overcomes the unpleasant odor of prespiration.
It removes redness, tan, blotches, &c.
It cures nervous headache and allays inflammation.
It cools, softens, and adds delicacy to the skin.
It yields a subdued and lasting perfume.
It cures musqueto bites and sting of insects.
It contains no material injurious to the skin.

It is what every lady should have. Sold everywhere. Try the Magnolia Water once and you will use no other Cologne, Perfumery, or Toilet Water afterwards.

Sold by Druggists and Dealers everywhere.

Lyons' Kathairon.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

See that the private U. S. Stamp of Demas Barnes & Co., is over the cork of each package. None other is genuine. se19

Mustang Liniment.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and weeney, the Mexican Mustang Liniment never fails.

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings, are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped over and scalded my hands terribly. * * The Mustang Liniment extracted the pain, caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad St., Phila.

Mr. S. Litch, of Hyde Park, Vt., writes: "My horse was considered worthless, (spavin,) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist, and also has the private U. S. stamp of Demas Barnes & Co. over the top. Look closely. Sold by all Druggists, at 25, 50 cts., and $100. se19

ADVICE GRATIS!

HOLLOWAY'S PILLS

To Purify the Blood.

These Pills have been placed by the common consent mankind at the head of all remedies for removing obnoxious poisons from the blood, and cleansing all the tissues of the body. They have saved thousands year after year from falling a sacrifice to the effects of dyspepsia, dysentary, diarrhœa, constipation, liver complaints, &c., a fact attested by myriads of witnesses. Excessive weakness and debility, the warnings of decreasing organic energy and vital decay, are restored and reanimated with vigor and healthful action in every organ throughout the system, by the restorative and exhilirating influence of this medicine.

Female Complaints.

All disorders of the sex, and diseases in every crisis perilous to the life and health of woman, youthful or aged, married or single, may be radically and quickly cured, without risk or trouble, by a few doses of these Pills, taken according to the printed directions.

Indigestion with languor and want of energy.

When taking these Pills, rub Holloway's celebrated Ointment over the pit of the stomach, and over the regions of the liver, on the right side under the ribs, and you will at once experience a change for the better in your digestion, spirits, appetite, strength, and energy. The improvement, though it may be gradual, will be thorough and lasting.

DROPSY.

The efficacy of Holloway's Pills in dropsy is extraordinary. They act with such peculiar effect upon the system, that the fluids arising from this direful disease are imperceptibly carried off, and prevented from any further accumulation. The sufferer regains a buoyancy of spirits and rejoices in a completely renovated constitution; but it is indispensably necessary that the Ointment should be most effectually rubbed into the complaining parts.

Stomach, Liver, Kidneys and Bowels.

Those who suffer from bile and liver complaints, should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, removing all impurities, giving a healthy action to the liver; if bilious attacks be allowed to continue, serious casualties may arise, and the sufferer be consigned to a bed of sickness. In all disorders of the kidneys, the Ointment should be well rubbed into the small of the back, once or twice a day; and the Pills taken in unison, will cure any complaints arising from these organs.

Puffy,—Shortness of Breath with Weakness.

Very bad symptoms, which if not corrected, may tend to some serious disorders of the heart, or other vital organs. Eat moderately of solids, take six Pills nightly for some little time; take plenty of fresh air with moderate xercise, and the human machinery will be quickly restored to health and vigor. Try this but for three days only, and the result will be marvellous.

Complaints incident to Children.

All complaints of children may soon be cured if care be taken to purify their blood, correc the action of the liver, and cleanse the stomach and bowels; a few doses of these famous Pills will immediately have the desired effect, particularly if parents be careful in not allowing them to eat of things which they know would be injurious to themselves.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague,	Female Irregularities,	Scrofula, or King's Evil,
Asthma,	Fevers of all kinds,	Sore Throats,
Bilious Complaints,	Fits,	Stone and Gravel,
Blotches on the Skin,	Gout,	Secondary Symptoms,
Bowel Complaints,	Head-ache,	Tic Douloreaux,
Colics,	Indigestion,	Tumours,
Constipation of the Bowels,	Inflammation,	Ulcers,
	Jaundice,	Venereal Affections,
Consumption,	Liver Complaints,	Worms of all kinds,
Debility,	Lumbago,	Weakness from whatever cause, &c., &c.
Dropsy,	Piles,	
Dysentery,	Rheumatism,	
Erysipelas,	Retention of Urine,	

Sold at the establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d., 2s. 9d., 4s. 6d., 11s. 22s., and 33s., each Box.

₊ There is a considerable saving by taking the larger sizes.
